My Favourite Animal

My favourite animal is the panda. Pandas are black and white. They have round faces and big black eyes. And they look very cute.

Pandas are friendly and lazy animals. They spend most of their time eating bamboo and sleeping. They are also not very active.

Pandas can climb trees and swim. They

are good at climbing trees. They can also swim in rivers.

I like pandas so much because they are very special. They are a symbol of China. They make people feel happy and relaxed when they see them.

My Favourite Sport

Swimming is my favourite sport. I love it for many reasons.

First, swimming is really good for our body. It is helpful for our heart. It can make us stronger. Also, people of all ages enjoy doing it. I swim quite often, maybe two or three times a week.

Another reason why I like swimming is that it's a great way to relax. When I'm in the water, all my worries go away. Besides, swimming is fun and we can do it with friends and family. We can race, play games, or just enjoy the water together. I sometimes swim with them at weekends.

Finally, swimming is a useful life skill. Knowing how to swim is very important. It gives us confidence when we are near the water.

All in all, swimming is a wonderful sport. It makes me fit, helps me relax, and is really fun. I will keep swimming as often as I can.

An Unforgettable School Trip

Last Saturday, we went on an unforgettable school trip to the farm. The weather was sunny and warm, just right for walking. We went there by bus and it took us about one hour. Although it was a long time, we still had a lot of fun because we talked with each other during the bus ride. When we got there, we climbed the mountain first.

It was very high, but we tried our best to get to the top. Then, we rode horses. Next, we milked the cows and fed the chickens with the help of the farmers. I also learned a lot about agriculture from them. Finally, we picked some strawberries and took some photos.

I think I really had a good time during the school trip! It gave me a chance to look at the outside world and also made me know more about my classmates and teachers! It was really interesting!

Dear Tony,

Thank you for your letter. Let me tell you something about my school trip last weekend.

It was a sunny Saturday. My classmates and I went to a farm for our school trip by bus. It was so much fun.

We saw a big farm and everything was new for us. We did quite a lot of fun activities on the farm. We helped the farmers feed chickens and milk cows. The animals were so lovely that I couldn't help taking many photos. We also learned how to pick strawberries from the friendly farmers. The strawberries were really sweet and we took some home.

What an amazing trip it was!

Best wishes!

Li Hua

Dear Tom,

I'm very happy that you are interested in traditional Chinese stories. Well, let me tell you a famous one with the name "Sima Guang hit the vat".

Once Sima Guang was playing hide and seek with several children in the backyard. There was a large water vat in the yard. It was full of water. When the kids were playing, one child accidentally fell into the vat. Other children were so frightened that they started to run, crying for help. However, Sima Guang was different. He thought it over and then had an idea. He picked up a big stone and threw it at the vat. Then the vat broke and the water ran out. The kid was saved.

Do you like the story? What do you think of Sima Guang?
