"The importance and secrets of keeping healthy".

It is well known that health is the source of our energy. With a healthy body, we are more likely to lead a happy life. So it is important for us to keep healthy.

First of all, we should take enough exercise every day to build up our body. What's more, it is necessary for us to live a regular life. For example, if we get up early, we can breathe fresh air, which is good for our life. Thirdly, keeping a balanced diet is also a good way to keep healthy.

In short, health is so important to us that we should try our best to lead a healthy life.

Boys and girls.

I'd like to tell you some cultural differences
between China and England.

As the saying goes, "When in Rome, do
as the Romans do." It means different countries
have different customers.

In China, people should get gifts with both hands and open them later. But in England, people don't pay much attention to that. In China, people should avoid doing any cleaning or breaking anything on the first day of the Spring Festival. And they avoid having their hair cut during the Spring Festival month. In England, people say Mr or Mrs when they meet someone for the first time. It's a tradition for English people to have afternoon tea and they drink tea with milk.

What do you think of the customs? You
can learn a lot about them from the Internet.

Beautiful Neighbourhood

It is reported that the lovely flowers of my neighbourhood have attracted lots of tourists. Our neighbourhood, which is always clean and tidy, is full of polite and friendly people.

Residents here enjoy various activities. There are fun sports games and interesting art shows like drawing on stones. These activities make our life colourful.

In the coming days, we'll focus on recycling and reusing used things. We aim to turn waste into useful items, making our neighbourhood a more eco-friendly and charming place.
